Corn Dogs and Elephant Ears For every staff, board or service member perennially committed as vocation or labor of passion, the fair business is addictive - and can be tiring. To remain effective professionally and relatively sane, we must re-energize our internal personal batteries. Many of us rely on our “Fair Family” for this support and attending state and zone conventions is a great opportunity to reconnect with a vital power source. This keynote or motivational workshop is guaranteed to make you think some, laugh a lot and excitedly squeal “we, we, we” all the way home - eager to work hard and cooperate to make the upcoming fair your best fair ever. Bill uses life experiences, quotes, and humor to share his contagious enthusiasm and love for fairs to make others feel genuinely good about themselves and their contribution to the success of their fair.
